Professional Summary

BSCS Graduate and IT Professional with a versatile background in full-stack web development and high-volume technical support. Recognized for a proven track record of maintaining 99% system uptime while managing over 150 workstations within a high-pressure enterprise environment at Concentrix. Driven by a passion for building interactive, user-centered digital experiences using ReactJS, with a strong desire to apply the technical frameworks and theoretical foundations gained during academic years to a professional setting. As a dedicated and proactive learner, the focus remains on mastering emerging technologies and continuously evolving a technical toolkit to deliver high-quality software solutions.

TECHNICAL SKILLS

- Operating Systems: Windows 10/11, Linux (basic)
 - Networking: LAN/WAN, TCP/IP, DHCP, DNS
 - Support Tools: Remote Desktop, TeamViewer, Ticketing Systems (Jira, ServiceNow)
 - System Administration: Active Directory, OS/software installation & patching
 - Programming (Java, ReactJS, HTML, CSS (TailwindCSS), SQL, MongoDB, Firebase & C++)
 - Hardware & Software: Troubleshooting desktops/laptops, malware removal, data recovery
 - Productivity Tools: Microsoft Office Suite, Google Workspace
-

WORK EXPERIENCE

IT Technical Support (Internship) – Concentrix | 2024–2025

- Optimized technical operations by resolving 20+ daily tickets, achieving a 90% same-day resolution rate and maintaining a 99% system uptime during my tenure at Concentrix.

- Managed large-scale system deployments for **150+ workstations**, ensuring **zero downtime** and full compliance with security patching protocols.
- Assisted Active Directory user management and password resets.
- Contributed to 99% system uptime; escalated complex issues per SLA. ***Freelance IT Technician – Self-Employed | 2019–Present***
- Delivered remote & onsite support for 100+ clients (individuals/small businesses).
- Installed and optimized OS/software, boosting performance by 30%.
- Performed malware removal & data recovery with 95% success rate.

Video Editor (Part-Time) – Marino Worlds | 2022–2023

- Edited 30+ multimedia projects with 95% approval rate and 25% higher engagement.
-
